

# 55" Digital Totem

Our new digital totem, available with a 55" display, combines a sleek design with high-definition visuals, offering a premium standalone signage.

## Features & Benefits

- High-definition 55" digital screen integrates seamlessly with Tensator's SLQ5 Call Forward System.
- Available with an optional touchscreen, enabling interactive customer engagement.
- Allows for media to be played between calling waiting customers forward, such as special offers, promotions, customer information or sold as advertising space to third parties.
- Screen positioned at customer height ensures visibility, allowing them to easily see when the next position is available and when they are being called forward.
- Built-in speakers project sound at head height for waiting customers, improving communication and engagement.
- Remote network access enables configuration without the need for physical maintenance.
- Operating schedule can be programmed for peak queue times or hours of store opening.
- Secure rear access panel provides easy access when needed while ensuring ventilation to prevent overheating.
- An innovative and adaptable solution that enhances engagement, influence, and value within the queue.
- Optional battery-powered configuration.

## Product Specification

- CPU: Windows i5
- Memory: 4GB
- Storage: 128GB
- Display Size: 55"
- Features: Touchscreen
- Backlight: LED
- Resolution: 3840x2160
- Brightness: 350 nits
- Glass: 4mm explosion proof full tempered glass
- Operating Temperature: 0°C-50°C
- Storage Temperature: -10°C-60°C
- Humidity Range: 10%-90%
- Speaker: 10w
- Power Supply: AC100-240V
- Power Consumption: ≤120w
- Connectors: HDMI out put/USB/RJ45
- Also available in white
