

Wall Mounted Charging Point

Keep passenger devices charged

Tensator wireless charging points ensure passengers can access their electronic boarding passes and e-tickets at key areas in an airport environment.

Features & Benefits

- **Compatibility:** Supports Qi wireless charging, suitable for iOS and Android devices. Features Aircharge wireless pads, recommended by Apple for seamless and reliable performance.
- **Speed:** Fast charging to 100% battery within 20-25 minutes.
- **Passenger Satisfaction:** Boost brand loyalty, improve feedback, and encourage repeat business.
- **Compact Design:** Charge nine devices simultaneously with 5 USB-C/Lightning cables and 4 Aircharge wireless pads.
- **Customisable:** Panels can be direct-printed, vinyl-wrapped, or finished in a range of standard paint colours.
- **Accessibility:** Wall-mounted design allows installation at any level to comply with DDA.
- **Small Footprint:** Keeps walkways clear, minimising trip hazards with no exposed cables.
- **Easy Installation:** Integrated hub stores all wiring and hardware, requiring only a power supply.

Standard Station Technical Specifications (mm)	
Width	600mm
Depth	200mm
Height	900mm
